Pioneers in Management
Education since 1974

About the Deccan Education Society and Institute of Management Development & Research (IMDR®), Pune

The Deccan Education Society (DES) was established in 1884 by the stalwarts of India's freedom struggle, like Shri Gopal Ganesh Agarkar and Lokmanya Bal Gangadhar Tilak and later built by great personalities of the era, like Shri Mahadev Ballal Namjoshi, Shri. Vaman Shivram Apte and Shri Vishnushastri Chiplunkar. The DE Society adopted a democratic structure at a time when modern democratic practice was new in India. Teachers' participation in academic and administrative matters is a unique feature of the DES institutions. It became a model for the teacher-managed institutions in Maharashtra and symbolised PEOPLE'S OWN INITIATIVE in evolving Education as a means of national regeneration.

DES's Institute of Management Development and Research (IMDR®) is the oldest institute for management education in Pune. Established in 1974, IMDR has trained and developed 46 batches of managers and business leaders. The two-year PGDM program at IMDR takes you from the pristine green campus in the heart of the city of Pune to leverage the ever-growing opportunities in the corporate world.

About the Conference

Aatma-Nirbhar Bharat Abhiyan (ANBA) announced by Government of India aims to reduce unemployment, insolvency, and poverty and increase India's per capita GDP. The five pillars of the Abhiyan are economy, infrastructure, system, vibrant demography and demand. The primary mission of this economic reform is to get the economic growth back to its desired level.

The National Conference on, "Aatma-Nirbhar Bharat – Prospects, Challenges and Opportunities" is intended to provide an academic platform to students, entrepreneurs, managers, academicians, researchers, policy makers and industry experts to discuss and understand prospects, challenges and Opportunities of ANBA announced by Government of India.

Objective of the Conference

To bring together practitioners, researchers, academicians and students to interact and disseminate information on the prospects, challenges and opportunities for economy, infrastructure, system, vibrant demography, demand and self-reliance under Aatma-Nirbhar Bharat Abhiyan
